

JESSICA FLANDERS

616-490-7361 | www.jessicaflanders.com | Grand Rapids, Mi. | www.Linkedin.com/in/jjoyflanders

Marketing and communications professional with experience in process improvement, workflow optimization, and leadership across retail, education, and manufacturing. Work has supported 157% Shopify sales growth, reduced UPS invoice errors by 65–70%, and increased program participation from 30% to 90%. Familiar with Adobe Creative Suite, Canva, GA4, HubSpot, Qualtrics XM, Constant Contact, ZeroBounce, GitHub, Pipedream, and Microsoft Office.

EXPERIENCE

Communications & Shipping | Highlight Industries – Hybrid. | Dual Roles.

June 2025- Present

Communications and E-Commerce Coordinator

- Supported 157% total sales growth and 127% year-over-year gross sales growth through Shopify content, product organization, and customer experience improvements.
- Reduced UPS invoice errors 65–70% by correcting product weights and shipping dimensions, uncovering costs caused by inaccurate Shopify data.
- Replaced lengthy customer manuals with modern Quick Start Guides and digital support resources, making machine information easier to find and use.
- Identified gaps in the machine order workflow and helped improve how sales orders were written, entered, and matched to machine configurations.
- Built a UX driven digital business card system with QR, mobile, and desktop access to make customer contact sharing faster and easier to maintain.
- Improved internal communication by introducing shared team inboxes and coordinating workflows across sales, engineering, assembly, and shipping.
- Audited website content, navigation, and product information to improve usability, SEO, and product discoverability.

Shipping Admin Team Lead

- Led and supported the shipping administration team by answering questions, resolving issues, and advising on daily shipping and order processes.
- Coordinated machine shipments, customer updates, manuals, and international freight documentation to keep orders moving on schedule.
- Reviewed shipping invoices, claims, and inventory records to improve accuracy and resolve discrepancies.

Marketing Specialist | PCT Tables – Remote. | Contract.

Jan. 2026- July 2026

- Audited and updated website headers, navigation, and calls to action to improve the customer experience and support SEO.
- Designed flyers, one-pagers, brochures and direct mailers.
- Managed LinkedIn and Facebook Social Media
- Organized CRM database, reached out to past clientele and current prospects.

Sales Professional | Best Buy – Onsite.

July 2024- July 2025

- Perfecting storytelling techniques around customer needs, providing unique, creative solutions.
- Used a customer-focused sales approach to identify needs, recommend solutions, and build long-term customer relationships, DISC: Discover, Inspire, Solve and Connect.

Marketing Intern and PBIS Para. | Kenowa Hills Public Schools – Hybrid.

Dec. 2021-June 2025

Marketing and Communications Intern – Hybrid. March 2024-March 2025

- Developed multi-channel creative and campaign assets (apparel, fundraising, branding, email campaigns, presentations) supporting district initiatives and community engagement.
- Supported crisis communications and executive messaging to ensure clarity, consistency, and timely stakeholder communication
- Produced reports and data analysis for districtwide initiatives to inform leadership decision-making and strategic planning.
- Provided executive support to leadership, including inbox management, calendar coordination, documentation organization, and meeting preparation
- Contributed to the design and production of slide decks for staff training sessions and external presentations, ensuring professional and engaging delivery.

PBIS Data Paraprofessional – Onsite. Dec. 2021-June 2025

- Co-led the Tier 1 PBIS team and supported Tier 2, attendance, and district leadership initiatives focused on student and school-wide outcomes.
- Increased participation in the Tier 1 GOLD program from 30% to 90%, improving engagement across 600+ students and 80+ staff.
- Built and maintained a school-wide data dashboard to help teams track behavior trends and support decision-making.
- Automated behavior referral and suspension forms using Autocrat, replacing paper-based processes with a faster, more consistent digital workflow.
- Redesigned behavior matrices and created informational materials to make PBIS expectations and program information clearer for students, staff, and families.
- Served as a primary contact for students, staff, and families during suspension processes and supported crisis and community communications.

Website and Logo Designer | With Purpose Counseling LLC. – Remote, Project.

April 2024-Aug.2024

- Developed a dual-purpose website serving as a landing page for both a private counseling practice and an education consulting firm.
- Designed a cohesive logo that aligned colors and themes with existing branding to ensure a consistent look and feel.
- Created marketing collateral, including business cards, brochures, training materials, and conference forms, to support outreach and professional events.
